Welcome to

ICE USA 2017!

ICE USA is the premier event where converting professionals gather to see first-hand the latest machinery, technology, and manufacturing solutions. Attendees from around the globe look to the show to develop new business partnerships, network and learn from leaders in the converting industry. ICE USA 2017 will mark the fourth show in the Americas and it will be bigger and better than ever. Register today and we'll see you April 25-27 in Orlando, Florida.

Why attend ICE USA?

NEW!

Co-location with InPrint USA
– the Industrial Print Exhibition

Concentrated focus on the Converting Industry

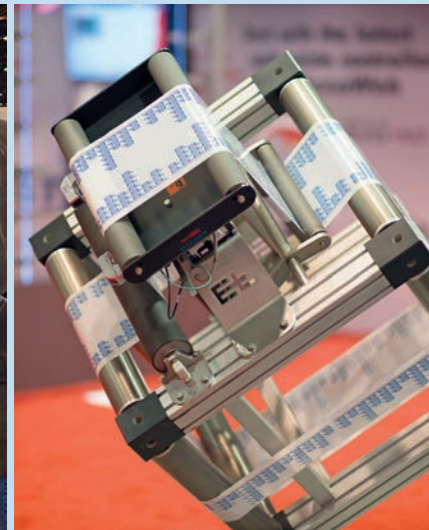

Equipment demonstrations and new products and technology from over 250 exhibitors

'Ask The Experts' one-on-one consultations

Industry education for all levels of experience

'Future of Converting' Theater with the latest market information

2 nights of networking receptions to make more business connections

Register Today!

Who should attend ICE USA?

Industry professionals such as executive level decision makers, design and production engineers, technical and plant managers, R&D professionals, purchasing management and sales and marketing directors from a wide range of sectors including:

- ◆ Packaging ◆ Package Printing / Graphic Arts Textiles / Nonwovens Paper ◆
- ◆ Machine Manufacturing ◆ Building and Construction ◆ Automotive ◆ Electronics
- ◆ Solar Thin Films ◆ Food and Beverage ◆ Pharma / Healthcare / Medical ◆
- ◆ Security / Specialty ◆ Self-Adhesive Tape and Labels

See Equipment Live, Before You Buy

Watch live machinery demonstrations on our show floor to help make the right purchasing decisions for your company. You will see new equipment and technology from all key areas and processes of converting such as Web Coating/Laminating, Slitting/Rewinding, Drying, Die Cutting / Perforating / Embossing, Sheeting, and so much more. Check out the current exhibitor and product listing at www.ice-x-usa.com

Venue & Travel Information

ICE USA 2017 will be held at the Orange County Convention Center (OCCC) in Orlando, FL. The OCCC is located only 15 minutes from the Orlando International Airport, offering a large number of direct and international flights each day.

If you are traveling to the show, keep in mind that hotels will sell out quickly, so make your reservations early! Book your room online or call our official housing provider ConferenceDirect at **1-844-572-7253**. To see the list of official show hotels and book your rooms, visit: <http://www.ice-x-usa.com/travel/hotels/>

Conference Programs

Learn how to improve efficiency and cost-effectiveness in your job with information you can take back to the workplace and implement immediately. Taught by experts in the converting industry, there is something for every level of experience – whether you are just starting out and need the basics or you are looking for the latest in industry research, our conference program has something for you. See the full program at www.ice-x-usa.com.

AIMCAL Fundamentals Courses Monday, April 24, 8:30 am – 5:00 pm

The AIMCAL Fundamentals Course (formerly the CEMA Fundamentals Course) is a one-day program for anyone involved in Coating & Drying or Slitting & Rewinding operations of paper, film, nonwovens and other continuous flexible materials. The program offers a choice between concurrently held seminars covering Fundamentals of Coating & Drying and Slitting & Rewinding.

'Ask the Experts' Program Tuesday, Wednesday, Thursday April 25-27, 10:00 am – 3:00 pm

Offering one-on-one complimentary appointments with some of the industry's leading consultants, the Ask the Experts program is one of the most highly sought after programs at ICE USA. A wide range of converting industry experts are available to meet privately with attendees to help solve strategic, technical and operational challenges. Meet our experts and make your appointment today at www.ice-x-usa.com or join the Ask the Experts forum on LinkedIn to start the discussion now: <https://www.linkedin.com/groups/12005251>

ICE USA Technical Sessions Tuesday, Wednesday, Thursday April 25-27, 8:00 am – 10:00 am

Technical personnel in R&D, manufacturing, and marketing will want to plan on attending the ICE USA Technical Sessions, organized by the Association of International Metallizers, Coaters and Laminators (AIMCAL). Topics include research, new technology and best practices in web coating, printing, drying, web handling, converting, finishing, adhesives, coatings and substrates. More details can be found at www.ice-x-usa.com

Keynote Presentation Robert Fry, Chief Economist Tuesday, April 25, 9:00 am

Sponsored by AIMCAL

Dr. Robert Fry, former Chief Economist at Dupont, will discuss current conditions in the global economy and the outlook for future growth, with an emphasis on global manufacturing and the health of the overall U.S. economy. Dr. Fry has been named among the top economic forecasters by Bloomberg, USA Today, and the Wall Street Journal.

NEW!

Co-Location with InPrint USA – the Industrial Print Exhibition

New to the US market after a successful third event in Milan, InPrint USA adds more than 100 new exhibitors to the exhibit floor showing their cutting edge technology in the fields of specialty, screen, digital, inkjet and 3D printing solutions used in advanced packaging and manufacturing processes. InPrint is the only exhibition in North America focused on emerging print technologies used in manufacturing and it is **FREE** for you with your ICE USA registration. Take a look at the exhibitor list at www.inprintshow.com/usa

'Future of Converting' Theater Tuesday, Wednesday, Thursday April 25-27, 10:00 am – 3:00 pm

What are your converting pain points? What issues are keeping you up at night? Presentations in the 'Future of Converting' Theater on the show floor will discuss best business practices, workforce development issues, regulatory topics and more. See the full schedule at www.ice-x-usa.com and plan to stop by to learn more.
